

# Is Genium™ right for me?

## The Genium is ideal for people who<sup>1</sup>:

- Require the greatest function possible to respond to the physical and emotional demands of their daily lives;
- Can benefit from a more balanced load on the prosthesis, relaxing their stance and reduction any posture correction;
- Can benefit from the highest degree of intuitive function of their prosthesis, reducing cognitive effort;
- Can benefit from more natural gait, with less stress on the back, the sound side, and the hip on the prosthetic side;
- Can take advantage of more than one activity mode for varied activities such as bicycling or job tasks;
- Could benefit from the flexibility of an extended battery life of up to 5 days without charging;
- Often walk on uneven ground or slopes, or ascend or descend stairs;
- Have community or home activities which require the ability to take quick small steps in crowds, take side-steps, walk backwards, or step smoothly over obstacles with additional security;
- Need to stand for longer periods of time and can take advantage of the Intuitive Stance Function, which offers the needed resistance while weight-bearing (even in a high degree of flexion); or
- Can benefit from a higher weight limit of up to 330 lbs.

1. The indications are recommendations by the manufacturer. These and possible additional indications must be evaluated by the prescriber depending on the individual case.
